Why should you join the program?

Research says developing early practice habits is vital for your child's success!

- Children find it easier to form habits before 9 years
- 90% of a child's brain develops by the age of 7
- Strong correlation is seen between the child's younger grade and older grade performance in Numeracy and Reading skills

Supernova is the launchpad for your child's success!

Customer Testimonials

ARSHAD

Amina's father, Class 3, Dubai

My child loves Supernova. She is very excited & always looking forward to the next session. We are very happy as she is always learning something useful. Definitely recommend Supernova to parents!

CHITRA

Saachi's mom , Class 1

Supernova is a boon to new-age kids! Saachi (homeschooled daughter) has been participating in Quiz programs for 4+ months now - Learning & enjoying at Supernova! Would highly encourage parents to enrol.

ZEENIE SINGH

Ethan & Annie's mom , Class 6

My kids have learnt a lot through Supernova quizzes. They love learning Maths, Space, English & Science topics through quizzes & practise worksheets regularly!
